#### SECURITY!

HVE ConneXions has engineered a proven flash based storage appliance designed for your Business Continuity and Disaster Recovery needs. The VAULT series is extremely flexible in working with other backup solutions. This appliance line will integrate seamlessly with Veeam, Nakivo, UniTrends, and more. HVE-VAULT is a cost effective platform that delivers mission-critical backups for your SDDC. HVE holds true to the concept of being flash first and nothing else. Each HVE appliance comes packed with datacenter quality solid state drives or SSD.
